

2022 – 2023

Information and Meet Format

The entire competition will be held in one weekend – **February 17th & 18th**. There will not be separate team and individual dates. The emphasis will be on team while still acknowledging the individual efforts of the gymnasts.

ALL **team members**, regardless of individual division, will compete with their team in the Saturday session. They will compete one time counting for their team and their individual score. Competing teams will be able to designate **five (5)** competitors to be eligible for your team score. The top **four (4)** will be what counts for your team score, using the fifth score as a tie breaker. List **two (2)** alternates per event (*they only compete for the team score if replacing a team competitor*). You will only be able to make changes in your team lineup from your listed two alternates – any other changes in gymnasts will not be accepted.

The Teams will compete on Saturday, February 18th. We are tentatively planning on running all team divisions as ONE session on Saturday. This will allow all gymnasts, coaches, spectators to see our states' best gymnasts in action! All team awards will be presented at the conclusion of this session.

The competition will begin on Friday, February 17th with **ALL** qualified **individuals** NOT associated with a team. ALL individual and team awards will be presented at the conclusion of the entire PA Classic Championship event on Saturday. Any gymnast found to be in the wrong division before or after the awards ceremony must forfeit and return the medal(s) so it may be correctly awarded and will be eliminated from any awards for that year's competition.

*Coaches – Please **verify** your gymnast's eligibility – this is your responsibility!*

ALL individual awards will be presented at the conclusion of the entire PA Classic Championship event.

Tentative Schedule of Events

Individuals & Team at Moon Area High School:

All time schedules are **tentative** and rely on the number of teams/individuals qualified into the event – and – any adjustments needed for the current conditions.

We will use Warm-up / Compete rotations with a touch on competitive equipment. The first session on Friday will be for ALL individuals without a team who have qualified. The Saturday session will be for all teams and seeded according to how they qualified.
